# SPRING PARK FARM BUYS MORE STOCK

## Manager Callison Adds More Jerseys and Hogs to List.

## IS A WELL-STOCKED FARM

**Mr. Callison Attended the Famous Biltmore Sale and Purchased a Number of Jersey Cows and Berkshire Hogs—Is Well Pleased.**

N. A. Callison, manager of Spring Park Farm, Bennington, has returned from the Biltmore farm, North Carolina, where he went a few days ago to attend a special stock sale of blooded Jerseys and Berkshire hogs. Mr. Callison made a purchase of several head of cows and hogs, aggregating several thousand dollars.

Mr. Callison states that people from every section of the United States were present at this sale, as Biltmore stock is famous throughout the United States as being the best that can be produced, especially in the lines that were advertised upon this occasion. Sixty head of fine Jerseys were sold, the average price being $207.81. The most expensive animal disposed of was a two-year-old heifer, which brought $785.

Spring Park Farm is now the best stocked farm in Florida when it comes to thorough bred cattle. Manager Callison is working with a view of supplying the Southwest with pedigreed stock, and within the next few years Alachua county will be noted throughout the country as headquarters for cattle of this kind. Spring Park Farm now has a number of fine Hereford and Jersey cattle, Berkshire hogs, thoroughbred goats and sheep, and is bound to come out a winner on fine stock. Manager Callison is a thorough stockman and knows where to get the best material. He is raising only the best stock, and his exhibit at the State Fair will show that he is thoroughly posted and has secured the stock best adapted to Florida.

Alex Howe of the firm of McCormick & Howe is now on his regular vacation, which he is spending with his parents, Mr. and Mrs. John Howe, at Kingsley Lake, Bradford county. Alex came home Saturday to "help out," realizing that Saturday is a busy day, but expects to return today. He reports a big time, and declares he is getting fat on buttermilk, biscuit and country cured ham.

Mrs. J. H. Truby has returned from several weeks' stay at Washington, where she went in answer to a telegram announcing a serious accident to Mr. Truby's mother. Attention is directed to the advertisement of the Gainesville Realty Company, Limited, which appears elsewhere in this issue. This company is capitalized at $15,000 and is organized for the purchase and sale of real estate, collection of rents and accounts, brokerage, fire and life insurance, etc. It is composed of gentlemen of integrity and energy, and no doubt will prove a success.

J. A. J. Strickland of Hague, one of the most widely known residents and most successful farmers in that section, was in the city yesterday. Judge Strickland states that while the rains have been severe in his section the crops have not been materially damaged. The lint in the fields has been gathered, and the damage was slight. Other crops seem to be growing prolifely and show no immediate signs.

Attention is called to the advertisement of Geo. W. Hyde, which appears in this issue. Mr. Hyde is offering fine values in voiles, dimities, ginghams, white lawns, figured lawns, etc., original cost from ten to twenty cents a yard, at five and ten cents. It will pay prospective customers to call and inspect this line. Mr. Hyde also offers low shoes at cost, in order to close out the stock. This offer lasts for one week only.

J. H. Manners, representing the International Harvesting Machine Company of Chicago, who owns an interest in a fine farm at Williston, left yesterday to look after his interests there. He is extensively engaged in crosstie and logging contracts, and will use a great [illegible] during the season. Mr. McClenny, although a young man, is full of energy and business.

Mr. Whaley states that work is progressing nicely on the long-distance line between Gainesville and Jacksonville, and that connection may be made by October 15th. When this connection is made it will give Gainesville telephone communication with the outside world and it will be an easy matter to talk with any city in the South. Only the best material is being used in the construction of this line, including copper wire, and the service is guaranteed to be first-class in every way.

**WASHING WITHOUT WATER**

**Is Like Trying to Get Rid of Dandruff Without Herpicide.**

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Canthrarides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

### Read the Following Details Carefully:

### The Mystery Surrounding the Beautiful Display in G. W. HYDE'S Window Revealed in the following

A number of our enterprising merchants have arranged what will prove to be a most interesting contest between the High School, Twentieth Century Club, Odd Fellows' Home, B. P. O. C., or any church, Sunday school, hospital organization or institution you would wish to own the beautiful library valued at $500, now on display at G. W. Hyde's.

# KIRBY SMITH IS STILL THE LEADER

## Polled a Larger Vote the Past Week Than Ever.

### IS 45,351 VOTES AHEAD OF ALL

Ten Thousand Votes on Real Estate Transaction Omitted—Like Number Taken From Odd Fellows' Home. There Is a Hard Struggle on to Win.

At the end of the eleventh week the returns show that the friends of Kirby Smith Chapter have been at work and accomplished no small amount in getting votes. It shows what a persistent worker can do when a determined effort is made. The total vote for Kirby Smith Chapter this week would have been 25,000, if 10,000 votes had been given that order that were credited upon a real estate transaction; but as no votes known to be obtained in such manner from the W. R. Thomas firm can be counted, they were thrown out, and the 10,000 mentioned last week as obtained in similar manner are excluded from the total vote of the Odd Fellows' Home.

There has been some comment made in regard to these votes, and in order to show how the totals would be were they counted, we wish to state that Kirby Smith Chapter would have 127,627 votes, the Home 116,276, the Chapter leading by 11,351, according to the figures as handed in to this office. We have not had the reports from several voting places for three weeks, as they have been too busy (?) to bring them in. But they would not change the result either way very much.

The total votes up to the time of closing for last week are:

| | |
|---|---|
| Kirby Smith Chapter | 116,627 |
| Odd Fellows' Home | 71,276 |
| Earnest Workers | 88,029 |
| Union Academy | 7,015 |
| High School | 5,563 |
| Knights of Pythias | 2,586 |
| Masons | 1,450 |
| Elks | 1,270 |

It must be remembered that the friends of the High School are throwing their votes to Kirby Smith Chapter, as the ladies have promised to donate the reference books to the school in case the Chapter wins the library.

## GAINESVILLE AND OCALA.

### Two Teams Will Play Ball and Give Gainesville Fine Games.

The Gainesville fans will have an opportunity on Monday and Tuesday afternoons of witnessing some good ball playing, the Gainesville and Ocala teams, colored, having arranged for a series of two games.

Both teams are in fine condition and will no doubt put up good games. They have played eight games so far this season and are yet even, which will make this contest all the more interesting. The teams are evenly matched and those who attend the ball park on Monday and Tuesday are assured of something exciting.

The game will be called Monday at 3:30 o'clock and the players should be greeted by a good crowd, as that will be encouraging. The admission will be 15 and 25 cents.

## IN MAYOR'S COURT.

### Joe Rutledge Used Profane Language and Paid the Penalty.

Because Joe Rutledge insisted on telling a colored female companion, Bertha Raney, "what he thought about things" in rather ungentlemanly terms, he was arrested and arraigned before Acting Mayor Broome yesterday.

The charge was brought by the Raney woman, who declared in court that Rutledge "cussed around" so ridiculously that it was a disgrace to the neighborhood and attracted the attention of people passing. Witnesses testified to the same thing, which meant that Rutledge was in a hard row. He was fined a dollar and costs or ten days in jail. The fine was paid.

### Mr. Voyle's Return.

S. E. Voyle has returned from Pennsylvania, where he went a few days ago on business. Mr. Voyle visited Washington and other cities during his absence, and declares that Florida is the coolest State in the Union at this season.

"The heat in Washington is intense," he declared. "I was glad to leave that city because of the intense heat, and am perfectly satisfied to get back to Florida." While the cities of the North have their attractions, Mr. Voyle says the fellow who is living in Florida from a degree of comfort, certainly has the advantage.

# MOZLEY'S LEMON ELIXIR

REGULATES THE

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

MOZLEY'S LEMON ELIXIR.

## INSTALLATION OF ELKS.

### Gainesville Lodge No. 990 Will be Instituted Wednesday.

After a long, tedious wait, Gainesville Lodge No. 990, Brotherhood Protective Order of Elks, will be instituted in this city on Wednesday of the coming week.

Gainesville has experienced considerable trouble in having this lodge instituted. At the beginning there was some misunderstanding as to whether Lake City or Ocala should act upon the charter list and it was finally sent to Lake City, which lodge acted favorably, but in the meantime the Elks of Ocala made a vigorous objection and claimed the right for themselves. Everything was in readiness for institution when this objection was made, which delayed matters considerably, as Ocala insisted upon her rights, which seemed to be just in the matter, and it was necessary to defer the matter until the Ocala lodge could take action.

At the meeting Tuesday night the Ocala lodge brought the matter up and disposed of the same, passing favorably. The result is that Ocala, instead of Lake City, will institute the lodge here. Lake City has been invited, however, and it is hoped that they will have good representation at the installation, as the Gainesville folks are desirous of showing their Lake City brothers that they are friendly. Their presence is requested, and with the assurance that they will never be more loyally entertained.

Grand Exalted Ruler Burbridge of Jacksonville will be on hand and expects to bring a number of his Jacksonville brothers with him. They want to see the thing "done up right," and there is a great deal in store for the visiting Elks upon this occasion.

The order will start out well here, as there is a charter membership of eighty and every man is a good man and will make a good Elk. The occasion is anticipated with a great deal of interest.

### Public is Aroused

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters of 546 St. Clair Ave., Columbus, O., writes: "For several months I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at all drug stores; price 50c.

### A Prominent Visitor.

Among the prominent visitors to this city is L. M. Graham of Conner, Marion county, one of the oldest and most widely known residents of that section. He is on a visit to his son, Dillon M. Graham, agent of the Southern Express Company. Mr. Graham is a veteran of the Civil War, having been a member of the Fourth Florida regiment, and fought under Generals Bragg, Johnson and Hood in the Army of Tennessee. He experienced a great deal of hard service and talks of the war and his experience with interest.

Mr. Graham met a number of his old friends here, some of whom were comrades, and it is needless to add that the meeting was a pleasant one.

### They Appeal to Our Sympathies.

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. There is not one of them, however, who may not be brought back to health and happiness by the use of Chamberlain's Stomach and Liver Tablets. These tablets invigorate the stomach and liver and strengthen the digestion. They also regulate the bowels. For sale by all druggists.

### Filthy Carelessness.

Tobacco chewing is a filthy habit to say the least, and there are men who chew tobacco that are more defiled than others. Some men appear perfectly lawless in regard to its use, and don't stop to think when they desire to empty their mouth of an overload of saliva, and let others look out for the consequences.

A few days ago a young lady dressed in white was passing along West Main street, south, when some thoughtless yap spawled out of a second-story window to the sidewalk as he supposed; but the young lady was right in line of the discharge and her dress was smeared with the filth.

There should be an ordinance against spitting on the sidewalks of the principal streets, and the law should be enforced. Gentlemen seldom engage in such filthy practice.

### How to Avoid Appendicitis.

Leesburg claims the honor of being the cleanest city in Florida and a prize is to be given October 25th to the resident who has the best looking lawn.

The Hastings Potato Association has been abandoned and the surplus in the treasury will be used to improve the roads. The growers will hereafter sell their crops on the ground.

The people of Century have elected teachers for their school, will soon have the school house in first-class shape and concluded to work harmoniously along educational lines. Sensible.

John Robinson, the Jacksonville negro who killed Charles Lenard, a German ice cream peddler in that city on August 16, has been held for wilful murder by the coroner's jury appointed to investigate the case.

The negroes of Pensacola are somewhat incensed over the fact of the common council of that city passing the ordinance to separate the races in the street cars of that city, and a test case will probably be made.

A letter to Postmaster Raulerson of Lake City, from Hon. A. B. Brittin of Chattanooga, Tenn., conveys the information that he will have charge of the putting in of the rural mail free delivery in Florida; that he will arrive about September 1, and that his headquarters while in the State will be at Lake City, from which point the business of his office will be transacted. The splendid railroad facilities, we understand, caused Mr. Brittin to make this decision in favor of this town. Columbia county already has about fifteen of these delivery routes, and Hon. Frank Clark says he is going to have them all over his district.

Rev. W. L. Riley, L. L. D., Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment; the first application giving my first relief and the second entire relief. I can give it unqualified recommendation." 25c, 50c, $1.00. Sold by W. M. Johnson.

# OLD PEOPLE AND THEIR TROUBLES

Old People have more of the pains, aches and discomforts of life than do the young. This is perfectly natural, because their blood is not so vigorous, nor their powers of resistance so great, and troubles that a younger, healthy constitution could resist often afflict them.

During the civil war I contracted Catarrh and suffered with its effects for many years. I tried various remedies and doctors, but with no good result. One day I found one of your pamphlets and read it carefully. I decided S. S. S. was the medicine I was in need of and I began its use at once. My health was dreadful, and as I was getting along in years, I had most of the pains and ailments incident to that time of life; but after taking this great remedy for awhile I began to improve and soon found myself a strong, well man. I am now more than 75 years of age, but my health is good, because I take an occasional bottle of S. S. S. Nothing equals it as a tonic and blood purifier, and I recommend it to those needing such a medicine.

Fordyce, Ark. L. S. LOCKRIDGE.

Rheumatic pains, sleepless nights, fickle appetites, etc., are not imaginary with old people, as is sometimes thought. They need a medicine that will supply their blood with its lost vigor and build up and strengthen their constitutions. S. S. S. is the ideal remedy for Old People. It is made entirely from roots, herbs and barks, and does not injure the system in the least as do those medicines containing mineral ingredients. S. S. S. is gentle in its action, purifying the blood of all poisons and relieving old age of its discomforts by supplying a robust, healthy constitution. It is the greatest of all tonics for increasing the appetite, toning up the stomach, promoting the digestion and building up the entire system.

### A Worm Killer.

J. A. J. Montgomery, Puxico, Wayne county, Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them, which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is an excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms—it helps the child to perfect growth, wards off sickness. Sold by W. M. Johnson.

### Bishop E. G. Weed in the City.

The Rt. Rev. E. G. Weed, Bishop of the Episcopal Diocese of Florida, arrived in the city Saturday afternoon from Jacksonville, and will officiate and deliver a sermon this morning at Holy Trinity Church. This eminent divine is so well known and appreciated by the citizens of Gainesville that the simple announcement of his presence will be sufficient to crowd the church to its utmost capacity. If you wish to hear an eloquent sermon, be sure to attend this church at 10:30 o'clock.

### Peculiar Disappearance.

J. D. Runyan of Butlerville, O., laid the peculiar disappearance of his painful symptoms of indigestion and biliousness to Dr. King's New Life Pills. He says: "They are a perfect remedy, for dizziness, sour stomach, headache, constipation, etc." Guaranteed at all drug stores; price 25c.

### THE YELLOW FEVER.

Conditions Seem to be Improving at New Orleans.

New Orleans, August 26.—There were 24 new cases of fever reported up to noon today, with three deaths. There were 65 new cases in 24 hours up to 6 p. m. Friday.

There seems to be grounds for saying that the fever will be stamped out by October 1st. A partial quarantine has been ordered against the State and city. Italians who left the city carrying the infection to their places of refuge will be quarantined against.

### Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

### A Narrow Escape.

Justice R. P. Lumpkin and W. P. Boulware of Orange Heights came near being victims of an accident which might have caused their death Friday afternoon. Messrs. Lumpkin and Boulware had been to the city on business, and were driving home. When a few miles out a large tree fell across the road, missing them only a few inches and smashing the rear wheels of their vehicle almost to splinters. The buggy was seriously disabled, but without being daunted they made necessary repairs and proceeded home.

### Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good, and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

### A Card.

Editor Sun—Please allow me a few words in your valued paper. It has reached my ears that myself and family are being supported by neighbors. I want to emphatically deny this, and I feel sure that the author knows it is false, but probably has an object. I appreciate my neighbors, and believe if I needed friends I would find them there; but I am not dependent, and it is an injustice that such report should be circulated. Respectfully,

MRS. W. L. GOORE.

### Cured Hay Fever and Summer Cold.

A. J. Nashbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

## WILL MAKE HOMES.

A new way to dispose of some of the large ranches in the West has been adopted and a recent land deal in Oregon will illustrate the plan. The largest stock ranch in that State, and one of the largest in the United States, where 20,000 head of cattle and 1,000 horses have been handled annually for years, will now be converted into homes for 10,000 people, if the plans of the Cooperative Christian Federation are carried to success. This French-Glenn ranch in Harney county, comprising 164,000 acres, has been sold for $1,800,000. It appears that the Mormons were anxious to get this property, but the Cooperative Christian Federation—whatever that may be—outbid them. This immense ranch in Eastern Oregon was developed by Peter French and his partner, who began in a small way as early as 1872. French was killed in one of the range wars with small stockmen and the death of Glenn followed a few years later from natural causes. Their heirs organized a California corporation that has since operated the property.

This will be the first of the big ranches of the Northwest to be cut up for homes for settlers. It is located about 4,000 feet above the level of the sea, and the climate is very similar to that of like altitudes in Colorado and Nevada, with a superabundance of sunshine. In winter there is some extreme cold, but usually not prolonged and without the severity of the blizzards which sweep the great plains. Railroad connections are about 150 miles away from the ranch and its new owners hope that a line will be carried to them. The property is sixty miles long by twenty-five miles wide, and already has more than 500 miles of fencing. The price offered for the land is $10 an acre, with $400,000 for personal property, and this is called a low valuation.

## THE STEGOMYIA FASCIATA.

The question of who first advanced the mosquito theory is now before the people, and The Mobile Register says:

"The Okolona (Miss.) Sun welcomes with hilarity Col. Lamar Fontaine's entry into the discussion of the mosquito theory. The Colonel says that he became satisfied in 1857, while on the Panama Railroad under Major Henry Meigs, that the sole cause of the spread of yellow fever was the mosquito, and that he wrote several articles for the New Orleans papers at that time, giving his reasons for this belief, for which assertions he was severely criticised and tatooed by the medical fraternity. The Sun thinks the Colonel is simply 'butting in' for the sake of notoriety, and says that, 'like wine and Baron Munchausen, Lamar improves with age.' Not so fast, contemporary. If there were articles in New Orleans papers in 1857 announcing this theory, they are there yet, for the newspaper files are preserved; and the truth can easily be demonstrated. It would be something of a contribution to the literature of yellow fever if the fact could be established who was the first to put forward the mosquito as the agent for the spread of the disease. It has long been held that a Mobile physician was the first, but if Col. Lamar can establish priority for himself he will be entitled to the honor."

The efforts of The Ladies' Home Journal to injure the proprietary medicines that are on sale all over the country will avail but little. There are thousands of people suffering from disease that will continue to use them until they get help or get broke, and they will stand by a medicine that will give them relief. The medicines of J. C. Ayer & Co., Kennedy's Medical Discovery, and Dr. Jayne, and among a large number that are called "standard," have been on the market for a generation or more, and no trashy magazine can squelch them. They pay cash for their advertising. The Ladies' Home Journal was built up on the free advertising of the press of this country.

## ORANGE CROP.

The New York Commercial says that from private advices from the principal orange producing sections of Florida give the prospects for the 1905 orange crop as favorable for a yield of over 60 per cent of the production of last season. Estimates made by the most conservative interests based on complete private advices from growers actually in a position to know give a crop for this season between 800,000 and 1,[illegible]00 boxes. These estimates include both oranges and grapefruit. Last year the output was around one million boxes. Said a prominent factor in the Florida orange business recently:

"The January freeze is responsible for the shortage promised this season. A good many trees in the largest producing sections were killed, and it is a safe prediction that the output will be cut down at least 40 per cent. Some figure a greater shortage than even that. The fruit gives promise of being good. I look for shipments to be made early in October, though a good deal depends on the weather. If it is cool we will have early shipments. If the weather is warm the fruit will be late."

The Jacksonville Times-Union of Friday says that "one of the items of freight to be carried out on the steamship Apache today will be 500 bales of Sea Island cotton. In view of the fact that the present crop of Sea Island cotton will be short, on account of excessive rains, the price of the long staple cotton has gone up, and the shipment on today's Clyde Line steamer will no doubt bring a good price."

The East Coast Advocate, published at Titusville, has entered upon its sixteenth volume. It is printed on pink paper, well edited and one of the best known weekly papers in the State. It has a prosperous appearance and Editor Walton evidently has a good thing.

A Russian dispatch from Damliesky says that Linevitch drove a half-dozen supposed Japs back who were making an attack on Chickencoopsky, and the Czar immediately sent a cipher that he would not give one cent for tribute, but fight it out.

The editor of The Orange County Reporter complains of the disadvantages in trying to get out a good paper these days, with correspondents and people all gone, and then goes to work and gets out one of the best weeklies in the State.

A meeting to "do something" for good roads will be held at the court house, Lake City, September 7th. Push the good work along.

The Florida Journal, published at Live Oak, is a new paper published in the interest of the Afro-Americans.

## ENJOYED BRIEF FREEDOM.

**After Serving Thirty-Four Years in a Prison, Man Again Arrested.**

Chicago, August 26.—After three weeks of freedom, Frank Punshon, general thief, who for 34 years has been outside prison for no time exceeding three months, faces penitentiary sentence again.

With the charges and identification of six women, who declare they have been victimized by him since his release from the Joliet penitentiary on Aug. 2, confronting him, the man whose record in criminology is unique, complacently returns to prison and expresses no regret.

The criminal efforts of Punshon are said to have started within four hours after his completion of a four-year sentence in Joliet, for two weeks the Chicago police had sought a man known as Frank Hope, who inserted advertisements in newspapers seeking the services of housekeepers and nurses. Meetings with applicants were arranged in the lobbies of downtown hotels and always resulted in the arrest of the applicants and transfer of small amounts of money on some pretext to the advertiser, who represented himself as a clergyman.

### A Warning to Mothers.

Too much care cannot be used with small children during the hot weather months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by all druggists.

### Cut Woman's Throat; Kills Self.

Norfolk, Va., August 26.—Captain R. W. Jones, of company E., Seventy-first regiment, Virginia volunteers, killed Maud Robinson, better known as Maud Cameron, by almost severing the woman's head from her shoulders with a razor, and then attempted suicide by cutting his own throat from ear to ear with the razor which he had used on the woman. Jones is now in St. Vincent hospital. The murdered woman was 23 years old. Captain Jones is about 30 years old and unmarried. The tragedy occurred at the woman's house.

### A Touching Story

Is the saving from death of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs and colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At all druggists; 50c and $1; guaranteed. Trial bottle free.

### Agricultural Society Adjourns.

Albany, Ga., August 26.—The annual convention of the state agricultural society closed Thursday afternoon, the second day's exercises proving equally interesting with those of Thursday. With very few exceptions the members of the society who were in attendance yesterday remained over today and the exercises have been well attended. Thursday afternoon the visiting agriculturists were taken out to the big shoals, making the trip on a special train provided by the entertainment committee. Some time was spent in inspecting the big work being done to harness the Muckafoonse creek. This work is now nearing completion and the big power plant will be in operation before the 1st of October.

### Herbine

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and over indulgence in food and drink. G. L. Caldwell, agent M. K. & T. R. R., Checotah, Ind. Ter., writes, April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." 50c. Sold by W. M. Johnson.

### Hoch Gets a Respite.

Chicago, August 26—John Hoch, the man of many wives, convicted of the murder of one of them and under sentence of death, has escaped the gallows a third time. He was to have been hanged here Friday, but a supercedeas was issued on an order of Justice Magruder, of the supreme court. The justice said that he had carefully examined the record presented by Hoch's attorneys and his study of it satisfied him that there was enough doubt to justify a review of the entire case by the supreme court. The case will come up at the October term of the court at Springfield, Ill., Hoch has been confident that the sentence of hanging would not be inflicted.

### Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well known to druggists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. Obe Witmer, a prominent druggist of Joplin, Mo., in a circular to his customers, says: "There is nothing on the market in the way of patent medicine which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation." For sale by all druggists.

### Soldiers Arrive at LaFayette.

Atlanta, Ga., August 26—McPherson was awakened from its summer solitude this morning at 5 o'clock, when the first section of the train bearing the Seventeenth infantry arrived. The Seventeenth comes to take the place of the Sixteenth, the latter being at present on duty in the Philippines. The Seventeenth is one of the crack companies of the United States army, and the indications are that the officers and men will prove popular in Atlanta. This regiment has been in the Philippines for a number of years, and the return to the home land is a matter of joy to every one attached to the organization.

### Taggart Unkind to Wife.

Wooster, O., August 26.—The depositions of Circuit Judge Berry and his daughter, of Newport, Ky., were read at the opening of the Taggart divorce case, both declaring that Mrs. Taggart had always, to the best of their knowledge, conducted herself properly. Emma Lyttle, the negro servant employed by the Taggarts for nine years, then took the stand. She swore that Captain Taggart had often been unkind to his wife; that no one occasion the captain had thrown Mrs. Taggart out of the house and used abusive language.

### Fiendish Suffering

Is often caused by sores, ulcers and cancers that eat away your skin. Wm. Bedell of Flat Rock, Mich., says: "I have used Bucklen's Arnica Salve for ulcers, sores and cancers. It is the best healing dressing I ever found." Soothes and heals cuts, burns and scalds. 25c at all drug stores; guaranteed.
